Driving licence and vehicle

LANGUAGE

French (Mother language)

English (B2)

INTERESTS

- Sports: Fencing, basketball, and climbing
- Audiovisual Production
- Cooking
- Movies

SKILLS

Technical Skills:

- Electronics
- Computer Programming, Python, C, and LabVIEW
- 3D Modeling, Office Software
- Metrology

Soft Skills:

- Teamwork
- Communication
- Analytical Skills
- Autonomy

A first year student in electronics engineering field at ENSEEIHT - Toulouse INP with a strong interest in the field of electronic sciences and have skills in computer science. Methodical and rigorous, I enjoy working in a team to complete projects.

EDUCATIONAL

2026–2029 **ENSEEIHT Engineering School**,
3EA Specialization,
Toulouse INP (31)

2024–2026 **DUT Applied Physics**,
Instrumentation Techniques track,
University of Toulouse (31)

2021–2024 **La Borde Basse High School**,
Castres (81)
Bacalaureate in Mathematics, Physics, and Chemistry, with honors (2024)

PROFESSIONAL EXPERIENCE

Forschungszentrum Jülich
Jülich, Allemagne

Research Lab Intern
April 2026 – July 2026

Operating a lysimeter system under laboratory conditions, developing a user interface to control the system and a database, and verifying that the sensors are functioning properly.

La Villa St Jean Restaurant
Les Sables-d'Olonne (85)

Kitchen Assistant
July 2025 – August 2025

Preparing dishes and plating meals for customers at a fine-dining restaurant.

Dishwasher
July 2024 – August 2024

Cleaning and maintenance work in the hospitality and restaurant industry.

IUT Applied Physics
Toulouse (31)

Student Project
February 2025 - June 2025

Development of an automated steering system for miniature vehicles as part of a supervised project.
